

At UNAM he has tried for over thirty years now to understand Quantum Mechanics as some sort of statistical description. After studying Communications Theory at ESIME, I switched to Physics, and felt that the role of Information in Physics ... After several years at UCSB I went back to Mexico, and Jerzy was about to come back. They didn't hire me at the Physics Department, because I was still working on my PhD thesis with Bob Sugar. I got a job at the University of Puebla, ... Relevant Science - <http://relevantscience.blogspot.com/>
